

Reseller and Dealer Opportunities

Fleet Freedom is committed to building mutually beneficial partnerships. Becoming a value added reseller for Fleet Freedom will enable you to strengthen your existing business relationships, as well as establish new revenue streams.

Fleet Freedom is one of the leading providers of solutions in the AVL and Fleet Management industry. Fleet Freedom provides the services and applications that businesses need to be more productive by consistently introducing new wireless platforms that will shape the future and change the way people do business. This is the perfect flexible solution for your customers to manage their mobile fleet, mobile employees, dispatch and high value assets.

Why Fleet Freedom?

- Recurring revenue streams with limitless earning potential
- Margins on application hosting, data services and hardware sales
- Android, iOS and Magellan commercial devices
- Over 15 years of experience
- Proven process & seamless execution
- Extensive training and customer support
- Sales and marketing support
- Fleet Freedom is the first company to put together a Fleet, Dispatch and Mobile Resource Management product into a single integrated mapped interface.
